

Green Mountain Adaptive Sports - 2025 March News

Hello Pascale,

It's been an incredible winter, and we are not quite done yet! Not only are we still out there playing hard, this is also the time to come together and if you can, make a financial contribution to help us continue our mission.

Our goal is to raise \$20,000, and every dollar raised will help us fund coaches' trainings so that they can continue to provide the best coaching possible for everyone who participates in any of our adaptive sports programs.

We hope to see our vibrant community come together to support the good work that we do through this important annual fundraiser. This is not just an event; it's a celebration of inclusivity, teamwork, and the remarkable achievements of our athletes.

A heartfelt thank you to all our supporters who have made this journey possible; your enthusiasm and dedication fuel our mission! Let's make this campaign a spectacular success and show the world the power of community!

Donate to this Important Campaign

Participate or Donate to the GMAS Winter Challenge Fundraiser

Tom Hall is hoping to ski 75,000 feet of elevation on March 24 to help us to raise \$20,000 by the end of March! You can donate, or get creative and raise money through your own fundraiser. Thanks for supporting GMAS, the funds will support coaches trainings.
